<u>Withdrawal Period</u>	<u>Withdrawal Penalty</u>
Prior to September 1	\$250 per student
Sept. 1 - Sept. 30	40%
Oct. 1 - Oct. 31	50%
Nov. 1 - Dec 31	70%
After December 31	100 %

The basis of computing a tuition refund is the monthly installment amount paid prior to the withdrawal month as shown on the Payment Schedule, less the monthly installment amount divided by the number of school days in the month, times the number of days the child was in school during the month.

Tuition refunds will also be made net of the withdrawal penalty. For example, if a parent enrolled his/her child in Grade 1 and has paid the monthly tuition installments due for September and October 2024, but later decides to withdraw the child from the school any day from October 1- 31; the penalty will be 50% of the October monthly installment amount. If the installment was not paid for the month of withdrawal, such tuition and penalty must still be paid in full to the school before records are released.

Example 1:

Tuition Grade 1 - \$7,290 per child - If the child withdraws from school on October 7, 2024, and the tuition paid in advance for the month of October totaled \$729, tuition refund before penalty applied would be \$570.52 (23 school days in the month with 18 days unattended or $\$729/23 \times 18$). The withdrawal penalty would be \$364.50 (50% of the monthly installment) and therefore the net refund would be \$206.02. Refund is calculated based on the number of school days within a month.

There are no exceptions to the refund policy
